WHO WE ARE

We are a husband and wife team who have operated and/or founded businesses together for the last 10 years, which have spanned telecoms, distribution businesses, power generation, and light manufacturing, with the largest company having revenues of >\$100M and ~1000 direct/indirect employees.

Prior to our careers in the small business space, Sarah and Scott worked in strategy consulting (The Boston Consulting Group and Bain & Co.) and both earned MBAs from Stanford University (Class of '04)

We will allow you to unlock the financial value you have created, while also providing you with confidence that you are entrusting your company to people who will look after it.

We have sold shares and raised capital for businesses ourselves (>\$100M of total capital) so we know what it feels like to go through the process from an owner's side.

We are committed to closing a transparent and fair deal for all parties. We are fortunate to be backed by a world-class group of investors in this venture
